

## D200 Coach Call Options - U22

### **Key Points:**

Player with the puck must protect it or make plays depending on the number the coach calls. The player without the puck either gets open for a pass or sets picks and screens to support the puck carrier.

### **Description:**

1. Play cross ice 2-2 to 5-5.
2. If the coach calls out 1 then the player cannot pass the puck.
3. If the coach calls out 2 then the player can pass.
4. Keep score and play 20-30 second shifts.
